

Diversity, Equity and Inclusion Leadership Programme

We believe that every Multi Academy Trust and School needs a plan for establishing, embedding and sustaining their Diversity, Equity and Inclusion strategy. This programme provides you with the opportunity and the drive to turn your vision into provision.

By supporting and challenging individuals in their beliefs around diversity, equity and inclusion as well as ensuring cultural commitment to the work at a strategic level, this will ensure a safe and inclusive school for the whole community.

This programme will guide leaders through policy and practice to develop a successful strategy. It is appreciated that not all schools will be where they want to be. We ensure that throughout the programme it remains a non-judgemental and practical environment to ensure each school feels supported in developing a sustainable plan moving forward.

Do you want to establish, embed and sustain a Diversity, Equity and Inclusion Strategy in your school or MAT?
