

## Mini Conference - Neurodivergent adults in the workplace

9:00am - 1:30pm - Lunch included.

26/6/24 - at Redhill Training Centre, Redhill Road, Arnold, Nottingham, NG5 8GX

In light of valuable feedback from HR Directors within our Multi-Academy Trust (MAT) partnership, we are thrilled to extend an invitation to our forthcoming HR Directors/Managers session. This event, scheduled for 26th June 2024, has been transformed into a mini-conference for all attendees.

The session will commence with insights from **Jeannette Mackinney, our regional Flexible Working Lead**. She will extend an invitation to HR colleagues to participate in a developmental project planned for the following year. Subsequently, **our mini-conference will primarily concentrate on the integration and accommodation of Neurodivergent adults in the workplace within schools and MATs.**

This theme, which continues to be a focal point for numerous HR Leaders due to the escalating number of adults seeking assessment for Special Educational Needs and Disabilities (SEND), will be explored through a variety of detailed inputs.

**We cordially invite HR colleagues from outside the partnership to join us at this event. Rest assured, you will receive a warm welcome from our dedicated group of regional HR Leaders. To secure your attendance, please click on the booking link provided at the bottom of this flyer. We look forward to your participation.**

### Event speakers include:

#### **Anne Cockayne - Senior Lecturer, Nottingham Business School**

Anne is a Senior Lecturer in the Department of Human Resource Management, contributing to the Exploring Human Resource Management module at undergraduate level and leading the Learning and Development module for the professional CIPD programmes. Her research interests lie in autistic employees and the workplace considerations surrounding autistic talents, reasonable adjustments and HRM practices which deliver inclusion for autistic people.

#### **Tom Wallace - Deputy Head of HR Services, Browne Jacobson**

Tom works as a senior HR consultant in our education team, managing six consultants across the South and has over 12 years' experience working with schools and trusts, including working for six years with one of the largest academy trusts. Tom is experienced in all levels of HR management including complex union negotiations, high-level safeguarding cases and large-scale restructures.

#### **Hector Minto - Lead Accessibility Evangelist (Director), Technology for Fundamental Rights, Microsoft, Microsoft UK**

Microsoft Tech Evangelist for Europe, Middle East and Africa. Subject Matter Expert in accessibility, assistive technology and disability issues. Previously, co-creator of the learning curve for eyegaze technology, a pedagogy for children (and often adults) to embrace technology despite complex physical, cognitive and emotional disabilities.
