# All support offered by the hubs will promote the Department's three priority areas:

## **EARLY LANGUAGE DEVELOPMENT:**

providing evidence-based approaches to early language development and closing the word gap in school-based early years settings, including appropriate use of formative assessment.

## **AGE-APPROPRIATE PHONICS PROVISION:**

encouraging best practice in systematic synthetic phonics teaching from school-based early years provision to the end of Key Stage 1, and as the primary reading strategy throughout the school. This includes encouraging fidelity to a single systematic synthetic phonics programme; supporting the effective use of decodable books in the early stages of learning to read, as a way of establishing phonic decoding; supporting effective practice in formative assessment in relation to phonics/early reading.

## **PROMOTING A LOVE OF READING:**

encouraging reading for enjoyment by supporting whole school reading approaches, reading to children at least once a day, encouraging reading at home and developing teachers' knowledge of appropriate children's literature.

*Why wait for the world to change,  
when you can change it yourself!*
